

## Special Containment Procedures:

SCP-1738 is to be contained in a 25m x 25m x 25m concrete reinforced room accessible through two series of 3 inch thick titanium door airlocks. At all times, there must be at least six onsite facility guards on patrol around SCP-1738's containment cell. Any structural damage spotted on SCP-1738's containment cell is to be reported to the on sight research manager. Due to SCP-1738's physiological capabilities, no individual is permitted █m near SCP-1738 for more than █ minutes per session. In the case of a class 04 containment breach, backup Aiz body pillows are to be used in order to lure the 'weeb retard' back to containment.

## Description:

SCP-1738 is a 4'2 omnipotent being that is completely covered in a toxic black substance. The substance that secretes from SCP-1738's body is referred to SCP-1738-A1, which warps the atomic construction of all organic material. SCP-1738's eyes have been described to resemble vantablack and have been described as lifeless. SCP-1738 will attempt to seduce any individuals in its vicinity and then forcefully █ causing severe internal bleeding. SCP-1738 will then shove its █ as it moans several lines from FNAF 1 and 3 fanfictions. SCP-1738 has shown extreme emotional distress when anything relating to FNAF 2 is mentioned or shown.[View Addendum 1738-A] SCP-1738-1B instances have been recorded to resemble SCP-1738's appearance, with the exception that they appear with maid costumes, at the desire of SCP-1738.

## SCP-1738-1B

SCP-1738-1B instances are direct replications of SCP-1738 that appear in maid costumes. These instances are extremely aggressive and will attempt to forcefully seduce and nearby individuals. After seduction, SCP-1738-1B instances will retrieve unconscious individuals to SCP-1738. Due to the ability to teleport itself and others, the result of an individual's capture is not yet known and any captured individuals should be considered legally dead. These instances have the capability to withstand multiple .50 cal anti-material rounds and have been recorded to run at speeds of 200mph. These anomalies have been known to teleport by unknown means that are still under study.

## RECOVERY PROCEDURE

### ALPHA:

RECOVERY PROCEDURE ALPHA is to be carried out if SCP-1738 breaches containment. Upon breach, MTF Unit Charlie 7, specialized in physiological impairment anomalies, is to be deployed to SCP-1738's location. Charlie 7 is then to engage SCP-1738 with live rounds that have been dipped in holy water and blessed by any Priest that must have foot fetish. Live rounds that have not had such treatment will have no structural effect to SCP-1738. If SCP-1738 is in Site █ alarm siren range, Site █ is to

begin playing the *Five Nights at Freddy's 1 Song - The Living Tombstone* at maximum volume, along with consecutive foot noises. Upon hearing this, SCP-1738 will return to the facility in a mesmerized state. SCP-1738 will most likely begin mumbling about the FNAF 1 character Bonny while in this mesmerized state.

## RELIEF PROCEDURE

### OMEGA:

In the instance of RECOVERY PROCEDURE ALPHA's failure, the order for execution of RELIEF PROCEDURE OMEGA must be authorized by at least one of the 05 commands.[See instance 1738-A]

#### Procedure:

Once confirmed by 05 command, MTF COMPANY ECHO-DIVISION 12 is to be dispatched to SCP-1738's location, accompanied by a group of D-class personnel specialized in the *Five Nights At Freddys'* field. Once in SCP-1738's audible vicinity, D-Class personnel are to begin a conversation relating to the *Five Nights of Freddys' 2* videogame. At this moment, SCP-1738 will enter a emotionally distressed state and attack D-Class personal as MTF COMPANY ECHO-DIVISION 12 is to use the commission as a distraction. All D-Class personnel are to be considered legally dead before the confrontation starts.

#### Discovery:

SCP-1738 was discovered on 7 March 2014 at a FNAF convention housed in the Houston House of Communal Affairs. Calls were received by local law enforcement reporting a man who had been staring at a Bonny Cardboard cutout for 12 consecutive hours without pause. Upon arrival, local law enforcement knocked over the cardboard cutout in an attempt to provoke a response out of SCP-1738, which is when SCP-1738 entered an enraged state. By the time MTF First Response arrived, 37 civilians and 15 local law enforcement officers were titled dead on arrival. SCP-1738 was then contained and taken to Site █████ for containment.

Interviewee- SCP-1738

Dr. Gru- "Where did you come from?"

SCP-1738- "We're waiting every night to finally roam and invite  
Newcomers to play with us  
For many years we've been all alone  
We're forced to be still  
And play the same songs we've known since that day  
An imposter took our life away  
Now we're stuck here to decay  
Please let us get in!  
Don't lock us away!  
We're not like what you're thinking  
We are poor little souls  
Who have lost all control

And we're forced here to take that role  
We've been all alone  
Stuck in our little zone  
Since 1987  
Join us, be our friend  
Or just be stuck and defend  
After all you only got  
Five Nights at Freddy's  
Is this where you wanna be?  
I just don't get it  
Why do you want to stay?  
Five Nights at Freddy's  
Is this where you wanna be?  
I just don't get it  
Why do you want to stay?  
Five Nights at Freddy's  
We're really quite surprised  
That we get to see you another night  
You should have looked for another job  
You should have said to this place good-bye  
It's like there's so much more  
Maybe you've been in this place before  
We remember a face like yours  
You seem acquainted with those doors  
Please let us get in!  
Don't lock us away!  
We're not like what you're thinking

Who have lost all control
